Corpus Christi Auto Theft Task Force Offers Free VIN Etching

The Corpus Christi Police Department's Auto Theft Task Force will be teaming up with Career Club students from Baker Middle School to providing free VIN etching on Saturday, November 12, 2011 from 11:00 a.m. – 2:00 p.m. at Baker Middle School located at 3445 Pecan Street.

VIN etching involves the use of acid to etch your vehicle identification number into every window of your vehicle and is used as an anti theft deterrent. It not only provides law enforcement with easy access to your VIN number in the case your car is stolen, it also provides identification in the event your car is being chopped up and sold for parts.

For more information, please contact PaulaKay Olivarez at 886-2872.
